IMPORTANT:

The ACB information provided above is calculated based on information available to us at the time of the partnership return filings. Your ACB calculations may differ in certain circumstances depending on your personal transactions in which the partnership is not

involved, e.g. if you incurred broker expenses when acquiring the partnership units, so please ensure you validate the ACB calculations with your own records. Please transfer this information to your tax expert as this ACB is needed to calculate the total taxable capital gains. This ACB value is only applicable at time of disposition of the mutual fund shares. Your tax expert will need the total amount of shares disposed from the mutual fund, this information is usually on the T5008 form you will receive.

Also take note that the issuance cost is amortized over a 5-year period. Your tax expert will need this information in order to apply these deductions in future years. No other tax slips will be issued. We strongly suggest that you refer to our annual Tax Guide for more information on the above.
